## Rubrics for Stimulus-based Conversation (EL)

- · Personal response: to give and develop personal responses
- Clarity of Expression: to express oneself clearly in a conversation, with accurate pronunciation and using a wide range of appropriate vocabulary and accurate sentence structures
- Engagement in Conversation: to interact with the examiner

Band	Descriptors
High	Gives personal responses which are well-developed Expresses oneself very clearly and with confidence, using a wide range of appropriate vocabulary and structures, supported by correct pronunciation Interacts very well and shows initiative in introducing ideas
Middle	Gives personal responses with little development Expresses oneself unclearly at times, with some attempts to use appropriate vocabulary and structures, with fairly correct pronunciation Interacts reasonably well
Low	Gives almost no personal response Makes a number of long and awkward pauses and often gives single-word responses, with pronunciation that impedes communication Unable to interact even with constant encouragement
